

# REDWAVE®

RECYCLING & WASTE TREATMENT SOLUTIONS

## YOUR CAREER - BECOME PART OF OUR TEAM!

We are an internationally active company with high ambitions in the field of environmental technology with a greatly innovative character. Our passion for state-of-the-art technology and our love for mother nature induce us to make a positive contribution day after day. To strengthen our team, we are looking for a motivated field service engineer permanently based at the customer site in the province of Modena:

### ■ FIELD SERVICE ENGINEER - CUSTOMER DEDICATED

#### DUTIES AND RESPONSIBILITIES:

- Conduct on-site installation, commissioning, service, training, and maintenance for sorting machines with optical support and sensors
- Manage complex technical questions on equipment and work with the customer to troubleshoot problems
- Build and maintain relationship and trust with the customer
- Work closely with the headquarter in Austria to ensure customer satisfaction
- Act as liaison between REDWAVE and the customer

#### REQUIREMENTS AND QUALIFICATIONS:

- Diploma or degree in an engineering discipline, such as mechanical/electrical, or mechatronics
- 5 years professional experience in the field
- Willingness to travel inland and abroad (20%)
- Fluent English, German would be a plus
- Ability to manage multiple tasks simultaneously in a demanding work environment
- Excellent communication, interpersonal and diagnostic skills
- Confident to work in a dynamic team as well as independently

#### WHAT WE OFFER:

- Varied work in an international company
- Innovative products in the field of environmental technology
- REDWAVE specialist trainings
- Motivated and committed team
